AGAINST IMPERIALIST WAR OUR ONLY ALTERNATIVE WAR AGAINST CAPITAL

Proletarian, <u>remember</u> that to maintain social order, the American army, in its role as international policeman triggered off the war against Iraq in 1991.

Proletarian, <u>remember</u> that our class brothers in Iraq replied with a war against their own bourgeoisie:

While breaking ranks...

While turning their guns against their own officers...

While RISING UP!

Proletarian, <u>remember</u> that, facing this struggle, both "deadly" enemies united to slaughter our insurgent brothers.

Proletarian, don't forget that, against your struggle, the bourgeoisie is always united!

Let's oppose right now the union of the bourgeoisie With the growing union of the proletariat

Those, who yesterday agreed to impose the embargo, killing more than 1 million and a half of proletarians, now call on you to demonstrate for peace:

NEITHER WAR, NOR PEACE! SOCIAL REVOLUTION!

As with our brothers in Iraq, our enemy is our own bourgeoisie!

NEITHER SADDAM, NOR BUSH, NOR CHIRAC, NOR BIN LADEN, NOR FISCHER, NOR BLAIR, ...!

Proletarian, it's your submission that makes the massacres possible.

Let's prevent war with our direct action!

Let's organize outside and against all national solidarities

Let's provoke the defeat of our own camp

The enemy is in our own country!

Let's refuse all sacrifices!

Against the dictatorship of the economy, let's impose the dictatorship of our needs!

Fellow proletarians, don't hesitate to use the whole or a part of this leaflet. It is the expression of a class that is living and fighting to destroy wage-labor.
